

7th GACD Implementation Science Workshop, Tokyo

5-6 July 2018

9:00-17:30

Venue

Omura Susumu and Mieko Memorial Center for Clinical Academia,
St. Luke's International University

Organizers

- Global Alliance for Chronic Diseases (GACD)
- Japan Agency for Medical Research and Development (AMED)
- St Luke's International University

Participants

- Pre registration is basically required for all the participants.
- **Roundtable session is open to public and pre registration isn't required.** "Getting from science to policy and practice or How to make sure that your research findings do not get lost in translation?" (15:00-17:00, 5th July)

Overview

Though there is a growing recognition of the importance of dissemination and implementation research, significant evidence gaps, issues and challenges still remain. These gaps include a lack of case studies of effective implementation and evidence-base from low and middle-income countries, major methodological and measurement challenges and a lack of research about how to translate evidence into policy and practice effectively. With this in mind, the GACD, AMED and St Luke's International University are co-hosting an implementation science workshop

Thursday, July 5, 2018 (Day1)

8:00-9:00	Registration
9:00-9:30	Welcome and Opening remarks
9:30-10:00	Introductions at participant's tables
10:00-11:00	An overview of implementation science- What is it? Key concepts and issues (Topic1)
11:00-11:30	Coffee Break
11:30-12:10	Selecting appropriate study design and measurement for your project (Topic 2)
12:10-13:10	Lunch
13:10-13:30	Selecting appropriate study design and measurement for your project (Topic 2)
13:30-15:00	Case examples of implementation research from workshop participant's projects (small group session 1)
15:00-15:30	Coffee Break
15:30-17:00	<p>Roundtable: Getting from science to policy and practice or How to make sure that your research findings do not get lost in translation? (Open to public, pre-registration isn't required)</p> <p>Venue: Hinohara Hall, Omura Susumu and Mieko Memorial Center for Clinical Academia, St. Luke's International University</p> <p>(Panelists)</p> <ul style="list-style-type: none"> • Celina Gorre - Executive Director, GACD, United Kingdom • Prof. Brian Oldenburg, University of Melbourne, Australia • Dr. Vilma Irazola, Institute for Clinical Effectiveness and Health Policy, Argentina • Dr. Yoko Izumi, Japan Agency for Medical Research and Development, Japan • Dr. Hiroyuki Hori, Senior Coordinator for Global Health, International Affairs Division, Minister's Secretariat, Ministry of Health, Labour and Welfare, Japan • Prof. Katsunori Kondo, Chiba University, Japan
17:00~	Reception for networking

Friday, July 6, 2018 (Day2)

8:00-9:00	Registration
9:00-9:30	Review of day1
9:30-10:30	Conceptual models and theoretical frameworks -What is useful? (Topic3)
10:30-11:00	Coffee Break
11:00-12:30	<p>Case examples of implementation research from faculty (Topic4)</p> <ul style="list-style-type: none"> • Prof. Norito Kawakami, The University of Tokyo • Dr. Yoshiharu Kim, National Center for Neurology and Psychiatry • Dr. Vilma Irazola, Institute for Clinical Effectiveness and Health Policy • Prof. Brian Oldenburg, The University of Melbourne
12:30-13:30	Lunch
13:30-14:30	Case examples of implementation research from workshop participant's projects from around the world (small group session 2)
14:30-15:30	Implementation Science and Scale up challenges in LMICs (Topic5)
15:30-16:00	Coffee Break
16:00-17:00	Global networking and funding for implementation science (Topic6)
17:00-17:30	Concluding comments, feedback and Evaluation
