

11th annual US-Japan

Conference on Cancer Research

MOONSHOT - The Future of Cancer Prevention

The Embassy of Japan in the United States of America, in cooperation with the Japan Agency for Medical Research and Development, cordially invites you to participate in the US-Japan Conference on Cancer Research "Moonshot - the Future of Cancer Prevention". This year marks the 11th anniversary that the Embassy and the Agency have been hosting the annual symposium. The conference will consist of presentations and discussions led by internationally recognized experts from both the US and Japan.

September 6th, 2024 | 9:30 - 17:15

Old Ambassador's Residence,
Embassy of Japan
